Dear Mindaugas,

The Optical Society's goal of disseminating the latest research in the field of optics through the publication of scholarly journals would be unattainable without the help of countless anonymous reviewers. Due to your recognized expertise in your field, you have often been asked to participate in the peer review process for our journals. OSA's editors and journal staff appreciate your commitment to maintaining the quality of our publications.

In recognition of your time and effort, we are pleased to send you and approximately 1500 of our most active reviewers the enclosed OSA Journal Reviewer lapel pin. Thousands of researchers review papers submitted to our journals each year, so please do wear the pin with pride. We hope you continue to regard this duty as a rewarding one.

Please accept our sincere thanks for being a dedicated reviewer. We look forward to your continued support of OSA and its journals.

Sincerely,

A handwritten signature in dark ink, appearing to read "Joseph N. Mait", written in a cursive style.

Joseph N. Mait
Chair, OSA Board of Editors
