

**Professor Rivner F. Ganiev**

**Foreign Member of the Lithuanian Academy of Sciences since 2011**

Rivner F. Ganiev is Academician of the Russian Academy of Sciences, Professor, Doctor of Technical Sciences, Scientific Director of Mechanical Engineering Research Institute of the Russian Academy of Sciences (IMASH RAN), Academician, Dr. Sc. (Engineering).

Professor Rivner F. Ganiev is a Scientific Supervisor of the Research Center for Nonlinear Wave Mechanics and Technology of the Russian Academy of Sciences (NWMTC); he is a famous scientist in the field of applied mathematics, theoretical and applied mechanics. This research center (NWMTC) has been established as independent research organization under the leadership of professor Rivner F. Ganiev in 1995.

Professor R. F. Ganiev was born on April 1, 1937 in Bashkiria.

He has carried out a number of significant researches into nonlinear mechanics and mechanical engineering, in various fields of technology; he is the author of more than 300 publications, including 15 monographs, more than 100 inventions and patents. Prof. R. F. Ganiev is the creator of a new area of mechanics – nonlinear wave mechanics and of scientific fundamentals for wave technology intended for intensification of technological processes in industry.
